WARRANTY INFORMATION

Basic Film Warranty

Solamatrix, Inc. warrants professionally sold and installed SUN-GARD®/GLASS-GARD® brand commercial and residential window films against peeling, bubbling, rippling, cracking, adhesive failure, delamination, and demetalization. Warranty time periods vary with schedules listed on the back of this warranty.

Glass Breakage and Seal Failure Warranty

The warranty on some SUN-GARD and GLASS-GARD window film applications covers (a) Glass breakage due to thermal stress and/or (b) failure of the seal on dual-pane, insulated glass windows. Solamatrix, Inc. reserves the right to have its local representative inspect the affected window(s) before approving a claim. Upon approval, Solamatrix, Inc. will pay for replacing the glass or insulated glass unit as applicable up to a maximum of \$500 per window with a \$25 deductible per window. PLEASE NOTE IMPORTANT RESTRICTIONS THAT FOLLOW AND ON THE REVERSE SIDE.

Glass breakage: Buildings with a prior history of seal failure or thermal glass breakage are not eligible for coverage. In the event of multiple failures on one or more filmed windows, the glass will be replaced as described above but Solamatrix, Inc. reserves the right to remove all of Solamatrix, Inc.'s window film and reimburse the customer for the amount of the original invoice.

Seal Failure On Dual-Pane Units: This coverage is not offered under any circumstances unless the customer can furnish reasonable proof that the window manufacturer's warranty period against seal failure has not expired. For approved films and applications, Solamatrix, Inc. warrants against seal failure for the remaining period of the window manufacturer's warranty or the time period noted on the reverse side, whichever is shorter.
